The Premises:

A rented basement apartment in Earls Court. No issues with the actual apartment itself, or its facilities, or its cleanliness, etc. Note, you are even expected to take your shoes off immediately upon entering.

The Lady:

White British lady, about 5'6 to 5'8 in height, slim healthy body figure with curves in the right places, large prominent tattoo on her back, very cheery personality. She mentioned she is from a Dutch ancestry and resided in south Wales (has slight Welsh accent too). I would say her profile pictures, description, and age are reasonable representations of Amy. I found most appealing her legs, bum and flat tummy. She is quite pretty too, one reviewer on AW describes her as a near resemblance to a young Joanna Lumley, which I would say is a fair assessment of her facial looks. Her hair is long but not blonde, as is currently displayed in her profile pictures. For confidentiality reasons I can not describe here what her current hair colour is. It is dyed though, and one other AW reviewer has noted this change several months earlier too. I still found her hair colour rather interesting and nice, even if it may not be to everyone's taste. Judging by her eyebrows she would naturally be a dark blonde or Brunette.

The Story:

Her AW profile name is 'The Amazing Amy' and she lists as offering quite a lot of services, especially of the PSE range. She also quotes in her AW interview as liking sex in a rough and vigorous manner (or not afraid of it). I was interested in partaking in some of these activities with Amy so I started my communications with her via the AW messaging system, outlining the services and dress requirements I wanted in a potential meet. All of my requirements were confirmed by Amy in a timely and professional manner. She is very flirty with her replies and communications, and she also picked up on little intricate details I liked from my emails. Her flirty replies were actually a huge turn on for me, enough to persuade me to go ahead and make a booking with her. I booked a couple of days in advanced, with communications continuing smoothly via phone text messages on the day to confirm appointment, etc.

Arrived about 11:05 am on the day, since both of us were running slightly late. As soon as I walked in I was greeted by a cheery and enthusiastic Amy, dressed in a pretty skater style floral summer

dress, who pounced on me immediately with her passionate kisses and cuddles, soon after closing the door. This was just as how I requested in my correspondence to her and it seemed like a promising start to a good and pleasurable meet. I was told to remove my shoes upon entering, and was then hand led by Amy to the bedroom where we continued with our passionate kisses, cuddling and fondling. Amy's kissing and cuddling was very deep and passionate, one of the best I have experienced and truly unforgettable. I only wish I could have said the same about her oral / blowjob.

We continued kissing for about 5 minutes until Amy undressed me and knelt down before me to give me an OWO blowjob. I had requested Amy for a face fucking OWO to CIM and swallow completion in my email to her. Her flirty reply back to me was that she was "looking forward to a hard face fuck". Unfortunately, as flirty and promising as this read, the crux of my negative experience derived from this session. On the day it seemed like Amy wasn't so keen on receiving CIM and / or swallowing me, and was making every effort to avoid this from happening. For instance, her blowjob stroke technique was too inconsistent and her rhythm was no where near long enough, or consistent enough, for me to orgasm from; Her rhythm was so short, that she would frequently interrupt her blowjob by withdrawing my penis from her mouth only after a few strokes. Whenever I would thrust in Amy's mouth to perform a face fuck, she would be grinding her teeth on me which would be quite painful and off-putting. She would also frequently be choking or gagging after a few thrusts and would therefore relieve herself from my penis, pretending to need air or claiming that her throat was too parched (taking many / excessive drink breaks in between). Frankly, the whole experience didn't live up to the expectations or the impression I got from Amy through her correspondence, or from her AW interview. The whole experience was really unpleasant and at no point was I anywhere near orgasm. I should point out that I was clean shaven down below and freshly showered before my meet with Amy (as I always am with any other escort), and that I am no more than average sized when fully erect. So, for all of this to happen is totally unexpected and a first for me. I was even making every effort to adjust and tone down my thrusts, so not to be too aggressive with Amy or to go too deep in her mouth. This effort of mine was to no avail, and I eventually gave up on the idea of face fucking Amy since it was not getting me anywhere. Still, I was not determined to give up at this point and I allowed Amy to perform her blowjob on me at a pace, technique and control of her choosing / desire, whilst she was on top of me in bed. This was in hope that I could still come off / orgasm in her mouth. Yet again, this turned out to be a complete disappointment as Amy surprisingly continued with her shenanigans as before (choking / gagging / water breaks, etc). Normally on my first round of oral sex I can ejaculate fairly fast depending on how good the lady is with her oral technique, but generally within the first 5 minutes of initiation. This is the first time being with an escort (and I have been with over 100's of escorts in my time) where I have wasted over 25 minutes of my booking time on a single blowjob event; At no point within this time was I anywhere close to orgasm. By this point it had become very clear and apparent that Amy was absolutely determined not to make me ejaculate in her mouth via OWO.

Being very frustrated by this event, and not wanting to waste any further of my time, I requested to get on top of Amy for missionary position sex; Took the rest of Amy's clothes off, on with the condom, got on top of Amy, and got Amy to wrap her lovely legs around my hips tightly and banged away hard and fast. Amy took this well and she felt very nice underneath me. I came quite easily within 5 minutes from missionary position sex (compare and contrast this to my previous round of OWO). I spent a while lying on top and inside of Amy during my recovery which was nice. Nice whispering pillow talk too.

Spent a bit of time visiting the bathroom, and then having drinks (hot day). Got in bed again and requested Amy to get on top of me and grind me away to get me hard for my second round. On with the condom, with Amy duly complying to my request and getting on top of me. She actually rode me away in cowgirl style, which was actually fun and no big deal to me; I still got hard by the time she came and was quite glad to offer her pleasure from this too. Flipped her over to get on top of her for another round of missionary position sex. Unfortunately, my hour was pretty much up by the time I had switched positions in preparation for my second round of sex. No leniency offered by Amy to making me come again even if overshooting my allocated hour, only an offer to extend my time with

her (and hence pay more) which I refused.

Took a lengthy shower, got changed, and snogged passionately for several minutes by the front door. The snogging went on for quite a while, certainly long enough to make me hard again, and wander (hope) if more sex was on offer. But, no later than I had that thought Amy abruptly ended the snogging and booted me out. What a tease.

Conclusion

For the past few days after visiting Amy I kept pondering whether I should rate this review as a 'neutral' or 'negative' rating, thinking that a negative rating may be too harsh on Amy. In all honesty, apart from Amy's reluctance to provide me OWO to completion, there was hardly anything else that was wrong with my meet with Amy. I really did like Amy's flirty attitude during my meet; Really did like the missionary position sex; Her kissing and cuddling, which I mentioned is one of the best I have experienced; Her preparation to my meeting and following my requests. To top it off, Amy is quite stunning too with a fantastic body. The thing that eventually made me determine to rate this review as negative is her hourly rate. Had Amy have charged below £150 an hour (which is what I consider the average hourly going rate for escorts in London in this current climate), this review would have been a firm 'neutral' rating. Had Amy have even kept up to her obligations, and were I to unload (orgasm) in her mouth where she swallowed (without any of her shenanigans), I would have probably marked this review as a 'positive' rating. But, at £350 per hour rate, I'm afraid this review has got to be a firm negative. For someone to be charging that much for an hour's meet in this current climate, I nor anyone else, should expect anything short of perfection in return for that sum of money. Unfortunately, that is not what I got in return from Amy and her price was the determining factor for me to rate this review as a 'negative'. Further to this, I have visited numerous escorts who are also in this expensive price range category (or high class / courtesan types) who all generally offer a non-rushed / complete satisfaction service whereby they don't mind if I overstep my allocated hour by 5 / 10 / 15 minutes, just until they know I'm fully satisfied before leaving them. Amy in this regard was a clock watcher and abruptly reminded me of my hour being up whilst I was on top of her in preparation for my second round of sex, essentially killing the moment. This is one further reason to reaffirm this review as a negative rating.
