The Premises:

I decided to use my car on the evening and while the road she lives on was quite busy, I managed to park in a side street nearby. The location is ok on the outside and the inside. I didn't feel conspicuous entering at the front of the building.

The Lady:

On the agency website Lora certainly looks the part; slender, 21 with long blonde hair. In reality she is ok, but not amazing.

The Story:

Lora was not the most friendly escort, but maybe I caught her on a bad night. She began the session with a striptease which was bit lacklustre. I didn't waste any time getting my clothes off. She then gave me a decent body massage but nothing to write home about. My penis was not exactly rock hard. We then kissed each other but it was not very erotic.

I placed her in the missionary position and under normal circumstance this would have been a fantastic bit of intercourse, but I was the only one trying and I cannot properly convey to you the disappointment as my member slid in and out of that uninterested pussy. I was trying to wind myself up but by now I was feeling a bit fed up. We then got into the doggy position and I rammed her hard. When I came I ordered her to get on her knees but it one of those crap half orgasms where you just don't feel the release.
