The Premises:

House fairly near the TC with steep steps to the front door. Quite open and opposite a school. Parking on the road outside is free.

The Lady:

Chinese woman in her late twenties early thirties or thereabouts. Not bad looking, nice bum small tits, untrimmed pussy.

The Story:

Knocked on the door and was shown into the bedroom by a scrawny guy a minute later the woman appeared in bra pants and negligee. First impressions were ok so handed her the paperwork which she gave to the guy outside the door.

I stripped but stopped her while she was still in her knickers. I had a good feel of her tits and bum and rubbed her pussy through her panties. I slipped my finger in and tried to get into her pussy but that was a no no and she wriggled away. I pulled her pants off and pushed her to the bed facing away so I could lick her cunt and arse. Clean enough so I spent a few minutes tonguing her as deep as I could.

It was time to fuck her so I turned her onto her back and after a good clit licking I pushed my cock deep inside. I was too big for her and I could feel her cervix as I fucked her hard. I pressed her onto the bed with all of my weight and pounded her til I shot my load into the condom.

I pulled out and she cleaned me up, not much chat just a good old fashioned fuck.

As I walked back down the hall there was a second girl in the kitchen, she was younger and better looking, I'll have to ask if there's a choice next time.

A couple of blokes were working on the house next door but I avoided them as I left by waiting in the porch. There are two Chinese /asian independents in Luton both of which are a bit too public when standing at the door waiting, after dark might be better for some.
