### The Premises:

Apartment block near central Milton Keynes. No issues at all with simple entry and shower in bath.

### The Lady:

Chloe is an attractive, full-figured and vivacious lady. At 44 she can still strut her stuff, wriggle around you on the bed and basically use all her talents to arouse and to keep a smile on and a hard on.

### The Story:

Chloe and I know each other from forum exchanges though not surprisingly Chloe didn't remember I had visited a couple of years ago. I remembered. We know so much about the scene this was always going to be a gossip fest but Chloe was careful to make sure I was getting full pleasure from her full-on body.

So we french kissed passionately and often, I felt and sucked her breasts and Chloe felt around my nether regions and wanked my cock.

When our mouths were free to do so, we exchanged further gossip throughout our activities and when we moved onto sex it was full on and clearly and vocally enjoyed by both of us.

This was a great session with two old hands picking each other's brains on a local industry we know so much about and making sure we showed we could both give each other a great time as well as those many years younger than ourselves.
