The Premises:

The room was ok, but very hot. For some reason they kept the window closed. The shower was ok. Towels provided. A friendly maid greeted me.

The Lady:

I would say she is 23-25. Her face is unremarkable. Her boobs are artificial in my view, but still nice to touch. She is very slim and I would say smallish, much smaller than one might think based on the pictures. She is quite a short lady, I would say 5'2".

The Story:

Negatives: no OWO (I am ok with that, but the description on HoD's website is then misleading), no doggy allowed (she was tired for that after just a couple of hours of work, which was a pity since I particularly fancied that position), no laying down on her allowed (her artificial boobs hurt), no fingers in and no kissing (though it is not critical for me).

Positives: small pussy hole, cum on body allowed, friendly, but overall nothing special and unremarkable. I would still recommend to visit her, but I would not expect a wow experience for sure. I would not personally return to her because there are many more interesting girls at HoD to see.
