The Story:

First off, booking Sofie was really easy. I called the agency after hearing good things about this girl and they had her call me back within 10 minutes. She had a sexy phone voice and I was already hooked. She said she could be with me in under an hour and sure enough, she was. She looked sexy as hell when I let her in and straight away offered me a massage which I was told on the phone was included in the already cheap price (£120 hour). The massage was great, she took her clothes off and got on top of me, pressing her big natural boobs against me and grabbing my hands to have a feel. After the massage, she grabbed my cock and gave me a long, slow, sloppy blow job which was up there with the best I've ever had. I asked her to look up at when she was slobbering on it which was proper hot and naughty, porno style. I took her doggy after the blow job so I could have a good feel of her arse which was also perfect. She seemed really into it and even asked me to pull her hair and spank her while I was doggying. I guess this is what you get when you bang Brazilians ;)
