### The Premises:

nice flat, bedding was really soft but yeah everything was clean and tidy.

### The Lady:

i was a bit worried she was only 18 but even though that won't suit many and it might normally for me but she was recommended by the agency. She did seem older and looked slightly older even though on close inspection you could tell she was young as she was blemish free.

she was friendly and attractive, not overly chatty but chatty enough for the purpose.

### The Story:

She was dressed very seductively in huge heeled shoes, sexy underwear and a camisole top thing draped just about over her top half. Smaller than she looks in pictures but not short and in those shoes almost my height haha. very attractive and has that look in her eyes where she looks at you and it says i am going to fuck your brains out. Thats quite rare but its both a little intimidating and very sexy.

she doesnt disappoint she does everything well and with gusto. she wants it or at least pretends she wants it and its very convincing.

she gorges on you cock and whilst she is doing it she gives you that look again, when she is riding you she gives you that look again. and when your fucking her doggy she looks over her shoulder with that look. eyes to die for. its a very seductive look and is sexy as fuck. as is she.

if you dont like then quite this young dont bother but if you can get past that then she has a lot going on and those eyes jesus.
