The Lady:

Attractive but facially not as attractive as the pictures on the site. Amazing petite figure about 5"2-3, Small B Cup, Petite perfectly proportioned figure with a nice little butt and lovely natural golden red shoulder length hair.

Perfect for a school girl fantasy should you gentlemen wish to indulge :)

The Story:

Aursla arrived on time and as I forgot to request a dress was in a smart pant and jacket outfit. We got the business out of the way and I requested her to do a strip tease - inexperienced and it wasn't the best but I appreciated the cute effort.

After she went in for a DFK and then as I was seated on couch - pulled off my track pants and underwear to proceed to some slow and forceful OWO.

A bit slower and different from the regular OWO that chicas normally do but I really enjoyed - she has the magic in her tongue. Her DFK was initially LFK until I requested her to go for it.

We then moved to bedroom where she proceeded to do her OWO and ball licking without complaints for a good 20 or so minutes. I did position her next to the mirror so I could check out this petite teenager like chica servicing my sausage.

Next I requested her to move so that I could enter her in the seated face to position - her English is passable but I had to explain slowly to convey. She didn't find the position comfortable and we went to missionary which she took a nice pounding in. After this she climbed on top and did some amazing amazing hip grinding sex on top - nice tight pussy made for a heavenly ride. I wished to do doggy - but she doesn't enjoy so then she got on her stomach and I pounded her into the mattress until I finished in the life jacket.

After cleaning up I wanted a quick round 2 as I had 12-14 minutes left - Aursla did some OWO but my Johnson wasn't waking up. We chatted a bit and she mentioned she would love to see me again. Last point that I forgot to mention earlier - I don't think she is Lithuanian but is Ukranian/Russian - she claimed that there are ethnic Russian speakers in Lithuania who don't speak the local language. Nonetheless a friendly attitude for this faux school girl - not as spectacular facially as the pics but no hesitation recommending.
