The Story:

We sat down for a chat first, over a glass of wine that Linda offered. I explained that my preferred roleplays involve a husband and wife who use spanking as part of their foreplay at bedtime - the wife pretending to be a 6th former in need of punishment, or a lazy secretary etc. but always with the couple ending up in bed.

Linda got it straight away and helped to create the details. I wanted her to pretend to be a wife who was pretending to have been disrespectful to her husband and therefore in need of a spanking. However, as I also wanted to find out for the first time what it's like to be on the receiving end, we started off by her pretending to be the wife pretending to be an angry aunt, with the husband playing the role of a teenage nephew. Linda performed both role magnificently – just the right blend of seriousness and fun!

Everything went perfectly. The only issue is that I'd obviously tried to achieve too much in the time that I'd booked and we had to rush the main event at the end – absolutely no clock-watching from Linda, but I didn't want to take advantage. Pity, because in spite of the slight rush I was left with no doubt that another 15 minutes or so with Linda and her bedroom-skills would have been a very sound investment - something I will definitely remember next time we meet which I hope will be soon!
