The Premises:

Ferra is near Baker Street tube station and I just took the tube as I felt that it would be easier. No complaints about this part of London. Similarly the premises were absolutely fine.

The Lady:

Ferra certainly has a great body and a decent face. She has blonde hair and brown eyes. I liked the look of her photos although in reality she wasn't quite as glossy shall we say.

The Story:

We started off with some DFK and Ferra did a decent enough job although I wouldn't say that I was instantly rock hard. We moved on to the massage and I'm glad we did. She was completely nude and it wasn't long before I had my clothes off. We got on the bed and she gave me a competent rub down relaxing my shoulders.

I was in the mood for a 69 and this is another area where Ferra did a decent job. We worked on each other to the max and she was doing some fine work on my balls and cock. At the same time, I was exploring her pussy which was most enjoyable. After this I just wanted to get on with some hard shagging. So I got her in the doggy position and slid my rock hard end in and out at a keen pace. She screamed as I rammed up against her ass. I did last for much longer after this and exploded all over her ass. A very decent hour without being amazing.
