The Lady:

Cute blackish brunette girl from Brazil living in London. As is the case with Brazilians, she has a nice booty. Think she is 24.

The Story:

I had never had sex with a Brazilian before and I thought I would give her a try (A kinda bucket list thing). My mate recommended her and so I was bored in my hotel room and decided to give her a call. She arrived in a red top and black leather pants that showed off her bum. We had a nice chat, she was actually really nice, then we got down to it. We kissed for a bit then she ripped off my jeans and started OWO as the standard. She was pretty good at it, nice and slow and sexual. I then got her completely naked and worked my magic on her first to get her ready for the main show lol. We did all the positions but reverse cowgirl and doggy were by far the best seeing her big juicy arse bounce around, she even brought lotion to oil it up. Sofie was a good shag and a nice girl and would recommend.
