Cheap hotel, fit for purpose.

The Lady:

She is the the woman in the photos, but they are seriously out of date and misleading, in a way that didn't become clear until after her dress came off and everything drooped.

The Story:

After she'd taken the money and got undressed (see above for that) she admitted to being exhausted after only 4 hours sleep and having had sex the previous day for 10 hours, including 4 straight of having her clit sucked to the point where she couldn't stand to have it touched by me. But she insisted on going ahead with me. With my money, rather.

Then halfway through it became clear that her period had started.

This was a really useless punt, in the bottom 5%.
