The Premises:

A little tough to locate but ultimately you can't really go to the wrong place. Quiet at the time I was due in. Looks less than salubrious outside but inside rather nicely decorated and comforting.

The Lady:

I suspect that Cherry might have been assembled in some heavenly Build-A-Bear workshop as she is petite perfection. Dark skin, firm, pert and soft in all the right areas; if you like oriental women then she is spectacular. In fact if you like any kind of women you can't go wrong.

The Story:

I've known her for some years but even after all that time she looks fantastic and the experience is outstanding. She wants to engage and please you, but she's got an impish side that means she'll have her fun too, and it all adds up to the best GFE experience you can think of. Services as advertised but to be honest I'd advise just going with the flow with her as she is a naturally sexy and sexual woman and any time with her is a blast no matter the territory covered. This time with her was no different; 150 mins of intense pleasure interspersed with giggles and pillow chat in an attractive setting.

I know I sound like a cheerleader but I am a bit addicted to her!
