### The Premises:

Well known. Easy quick, nondescript access through open door into corridor. Typically warm welcome, chat about this and that with the lovely receptionist till a room was available. Clean room with good shower and comfortable bed.

### The Lady:

Pixi looks lovely. Slimmer than I recalled from last time, her instant recognition and welcoming smile and chatty conversation made me realise why I loved seeing her.

### The Story:

I had unaccountably left it too long since last seeing Pixi and I was delighted she looked so fit and even more pleased with her chatty, smiley, buoyant mood.

Standing close together, I led a spell of catch-up chat first before Pixi let her hands roam and then she had us snogging like passionate lovers - GFE is not often this good.

Onto the bed after the remnants of Pixi's clothes were removed and both of us coupled more snogging with hands and fingers going anywhere.

While I then played with Pixi's very neat pussy, she adjusted herself to give an energetic blow job hardly interrupted by her vocal reaction to me fingering her.

Both of us teased each other's arse and so the fact that Pixi does not offer oral on her made not a jot of difference to our intense activities - after all, her pussy doesn't have a very flexible studded tongue to maximise the pleasure of our ongoing snogging...

Onto sex and this was brilliant. Still hands and fingers of both of us were allowed to wander and Pixi was very vocal in her body's reaction to what we were doing.

Utterly, utterly brilliant time with a lady who acts like your most intense lover.
