### The Premises:

nice flat, clean and tidy nothing to complain about. wouldn't live there as it was small but for what it's used for perfect.

### The Lady:

She was dressed really nicely, Great little black dress looked really classy. Her face was a little plainer than I imagined but she is very much the girl next door type and very beautiful in an understated way. not full on full makeup in your face beautiful but subdued natural good looks.

### The Story:

I only had 30 minutes so when I rang up they don't normally do that but did give me a 30-minute slot which was nice. So we didn't have much time for a chat but we did have a short conversation and she was nice but I was keen to get started and took her by the hand and kissed her quite soon after arriving. she responded and boy she kissed well and with no inhibitions just straight into a full on snog amazing.

from there it just kind of flowed really well she dropped and sucked me through my boxers then removed my clothing. I did the same hesitating over certain areas and repaying the compliment. then we just naturally went to the bed and from there she sucked me so well for what seemed like ages but probably wasn't. I fucked her missionary and she showed how bendy she was then I fucked her from behind in the spooning position and she rode me like a pro.

i came soon after as i was scared of being late, quick shower and left leaving her a tip too. was very good and if i have more time i may well repeat.
