The Story:

Although I'm massively attracted to Adele physically, the sex was pretty average, I'll start by saying. Arranging a booking was fairly easy, we'd been texting during the day and she got me to come to her for around 8.30 in the evening. I'd have wanted an outcall but her fees are expensive compared to some of the girls I've seen before, but those eyes drew me in and I knew I wanted to spend an hour with her, so paid it. However, given that her OWO skills are just okay, I didn't leave feeling blown away - mind the pun. Her tits are fantastic though, as a boob man. I loved having a feel, especially as she was riding me on her leather couch. Adele is a sexy girl with a good body but I think she relies on her looks too much rather than putting in the performance. I'd recommend her for beginners but not for those of us who've tasted a few.
