### The Premises:

Incall at a Four star Hotel room near Algate. Easy access and discreet (no key cards). Nice room, good powerful shower, plenty of clean towels, comfortable bed.

### The Lady:

Facially extremely pretty - imagine Billie Pipers' (much) prettier little sister. Gym toned body, quite petite, large natural breasts. Quite the Baywatch babe, an absolutely perfect 10.

She was wearing a black summer dress with little white hearts on, underneath black suspender, bra and pants which complemented her blonde hair nicely.

Profile pics are definitely her. Although her face is blurred they give an (accurate) impression of just how pretty she is.

Attitude-wise a typical young Kiwi girl. Laughs alot, extremely friendly and open, very chilled. Once we "got down to business" (her words) very uninhibited and does not hold back at all!

### The Story:

I decided to meet Victoria on the basis of her profile pics and quite a few repeat reviews on the purple site from experienced punters. I messaged her the day before our meet and she replied an hour later to confirm that she was available. We then talked on the phone (she likes to do this before a first meet).

On the day usual booking procedure she texted me the address and room and when I arrived I texted her to confirm that she was OK for me to go up.

After an introductory chat I handed over the cash while I went to get cleaned up as it was a hot day. I had brought some fizz and when I came out of the shower Victoria had poured a glass waiting for us both.

As we talked and kissed her clothes came off slowly - at one point she stood over me and put on a bit of a show as her bra and pants came off. She then gave me a nice massage with coconut oil.

We spent some time french kissing then I moved down and gave her oral - she has a very nice pussy and she got really wet (and I got really hard) so she put the condom on then she gave me oral, moving to 69 so I could enjoy the view. We had protected sex first in cowgirl (where she rode me vigorously while I kissed her on the mouth and her gorgeous breasts) then doggy (she really enjoys this) until I could not hold back any more and came during missionary.

I can only come once so spent the afterglow sipping champagne and chatting - definitely no clock watching from Victoria but I had to be somewhere else so got dressed and left on the hour. Victoria did seem to be having fun. I am under no illusions about my sexual prowess but she was appreciative of my efforts. She was really attentive to my desires and this combined with her relaxed antipodean attitude made the experience feel quite genuine (and really quite special). I will certainly revisit her.
