The Story:

Since discovering Viva Street some time ago, I have wanted to see Summer, but when ever I called she wasn't available. Yesterday, all the ducks were in a row.

I called around lunchtime and found that she was working, so I said that I was coming into Southend later and would call when I was close by.

I asked the receptionist if she had toys, did she allow DATY and did she have stockings and suspenders. The answer to all three questions was yes.

I got into Southend at 17:00, called and asked if she was free, was told that she would be in half an hour, so I went and had a cup of tea and pondered the upcoming encounter.

At 17:30, I duly presented myself at the door, only to be told that she had popped out, that she would be about 10 minutes, but I could wait in the room.

At about 17:45, she came into the room in a tiny pair of shorts and tshirt.

She apologised for keeping me waiting, said that she would go and change into something more seductive and discussed the service.

She said that she hadn't been working for the last five weeks, so was very wet at the moment

Due to my health issues I can't achieve an erection, so I asked to play with her tits, lick her pussy and use a dildo on her. She said yes to the tits & pussy, but she didn't like dildos, but could get one if I really wanted. I said no, that's ok.

The price was £70 for the half hour, plus £20 for DATY.

She went to get changed, and when she came back was wearing an LBD that had lace at the top and black holdups, she couldn't find her suspenders. I thought that this wasn't going too well. How wrong I was.

Underneath she was wearing a tina gstring with a strategically placed hole.

She took off the dress and I saw those magnificent tits with the VERY suckable nipples.

She lay on top of me sucking my nipples whilst I explored her pussy with my finger. Summer stood up and rubbed cream over her body, got me to lay on my front and gave me a fine B2B massage before getting me to turn over and presented her nipples for me to suck. She lay on her back, opened her legs wide, held her beautiful, neat & shaved pussy open and showed me her clit, which I attacked with my tongue. I like to suck the pussy lips into my mouth which she loves.

I had asked her earlier if she was a squirter, she said that she could under the right conditions. I came up to suck some more on her tits whilst I inserted a finger, I asked if I could do two fingers, she said three if you like, then I might squirt, however due to the last five weeks of no pussy action, three was uncomfortable.

I went back to licking and sucking her pussy.

This continued for the remainder of the session, switching between tits & pussy.

I asked if she liked having her ass licked and she does, whilst down there, due to her being SO wet, my finger just slipped inside momentarily. Naughty she said.

So all too soon came the knock on the door signalling my time was up, we had gone about 10 minutes over time.

She went to the bathroom to clean up and when she returned we chatted. She said next time I would have to do the hour & get the FULL Summer Rayne experience.

She complimented me on my oral technique "You really know your way round my pussy".

I left, happy and continued into Southend where with a couple of mates and I visited the two strip pubs.

As a post script, when one of the strippers who was DROP dead gorgeous, was trying to persuade me to have a private dance, I told her of my earlier encounter and that a private dance wouldn't compare.

She had seen some of Summer's movies and asked "Does she do girls?"

Later on I called and asked the question. Yes she does.

Would I come back? Does The Pope shit in the woods?
