The Premises:

Emily has a very comfortable flat just out of town in a quiet area where parking is free and there is usually nobody much about. She offers a deep bubble bath to begin the visit in a tidy bathroom and then leads you to her large, tastefully lit bedroom. Warning: do not go to the front door until Emily has phoned or texted to invite you in, as she dislikes people waiting on the doorstep. The door will then be buzzed open as you approach.

The Lady:

Medium height but accentuated by high heels. English, tanned skin, very smooth, in her 40s, beguiling eyes - and the most wonderful breasts. Physically she is beautiful and has clearly looked after herself. Also Emily is talkative and intelligent so makes a great companion.

The Story:

I have visited Emily many times and would not dream of losing contact with this lovely lady. As per usual: when I went in she helped me undress and, after offering me a drink and wrapping a towel round me, she led me to the bathroom and helped me into her deep, hot bubble bath, while she knelt beside me in her bra, panties and slip. The bath is delightful as Em likes to give you a lovely wash around the cock and balls, enough to give you a hard-on under the water. Then a quick dry and back to the softly lit bedroom for a massage, at which she is very good and professional. After some minutes, time to turn over - and Em straight away drapes her gorgeous breasts over your cock, a most exciting feeling as she brushes up and down in a virtual tit wank. From there on (she enjoys being massaged too, by the way, and will gently raise her bum to allow access to her pussy) it's a matter of what she won't do rather than what she will. Don't ask for bareback, obviously, and be polite and careful. I gave her oral, had a lovely 69, her on top, and a protected fuck which lasted and lasted, until finally I sat on the edge of the big bed and she knelt on the floor in front of me and masturbated me on to her dreamy breasts, where I came blissfully.
