The Story:

I use this place regularly as it's nearly always a good punt and the girls change weekly. I've not been able to indulge recently so I was looking for a good experience.

This girl was nice looking and definitely my type so the paperwork was done and down to business. I like to explore a woman with my tongue probing her pussy and anus deeply and flicking her little bud with my tongue and lips. This girl was freshly showered and the taste of her developed as I explored her, her own juices increasing with my attention. She laid on the bed as I knelt on the floor to get best access, her feet resting on my shoulders and her knees spread wide, very obliging. I indulged myself in her nice pink holes for a good ten minutes before I had to enter her.

The condom was on the bed so I rolled it on and positioned myself for entry. Looking into her dark eyes I pushed my hard cock into her tight wet cunt, filling her completely. I slowly pulled out and then rammed her as hard as I could giving her a seriously hard fucking, enjoying her as she lay under my weight. She was compliant and kept eye contact throughout and I particularly enjoyed gazing into her eyes as I shot a week's worth of spuk into her. Fantastic. Exactly what I was looking for.
