The Premises:

First floor flat very close to Russell Square tube, very compact flat, nice sized bedroom shower facilities, felt very safe.

The Lady:

Exactly as her pics suggest, very tanned and toned very pretty blonde, very petite about 5'2" with a great bum, lovely smile and enhanced breasts which are extremely well done.
A real pocket rocket.

The Story:

Very good communications between Olivia and me to set up this booking, address sent the day before and clothing request met.

I had seen Olivia several times before and she answered the door with a big smile and a bigger hug.

After sorting out the cash and a quick shower it was onto the action.

Started with some DATY on Olivia's tight shaven pussy and a couple of fingers probing her G spot getting her very wet indeed until she came noisily. Good start.

Then she sucked me down playing attention to the head and some serious ball sucking and gagging.

Then 69 where she climbed on top and i could get my tongue right into her pussy and even let me finger her tight arse.

Then she suggested some cowgirl which was amazing as i fucked her from below and watched that amazing body bounce up and down. Next was missionary with her legs over my shoulders, i pounded her as hard and fast as i could which seemed to do the trick as i could feel her tight pussy squeeze my cock as she held me close and groaned and moaned into my ear.

Doggy followed as i held on to that toned arse and gave it a few slaps and i asked her to lie on her front and i slowly prone boned her (always a favourite position) kissing her neck and nibbling her

ears as she turned her face to me and urged me to fuck her deeper, her pussy is so tight in this position i almost cum then but wanted to hold out.

I rolled her back onto her back for more DATY and she used a small vibe on her clit as i managed to stretch her pussy with four fingers (believe this is called the Kit Kat) and she came again squirting her juices on my fingers which i offered to her to suck.

Next was some more deep head and she used her hand expertly around my knob head which had me gasping and shaking and on the edge of a huge orgasm, i begged her to stop as it was just too much and then realised this was amazing so urged her to carry on using her fingers and palm over my now extremely sensitive and rather full to burst cock, she told me she loved being fucked hard, that she was a size queen who loved being filled and stretched by big cock and this sent me over the edge to one of the best orgasms i have ever had.

I told her to put her mouth over my cock and she greedily swallowed the lot as i raised my hips and held her head down, her tongue working overtime to coax every last drop out.

She opened her mouth wide to show me there wasn't any cum left and laughed as i lay there a shaking sweating wreck giggling to myself.

All in all a fantastic booking, well worth waiting for.
