### The Premises:

### The Lady:

Not attracted to her. Huge oversize breasts, slim body. Looks better in photos.

### The Story:

I'm disappointed to say this was one of my only bad escorting experience so far. Francesca does not look much like in her pictures. I don't want to be too rude because she's still a lady at the end of the day, but I was quite disappointed in the girl that arrived at my door. While I'm a man who loves big jugs, Francescas are quite oversized for her body in that it actually looks a bit weird on such a short slim girl. I think she assumes all men love big boobs and went a bit OTT on the operating table! I will state though that her fees are reasonable at 200 for an outcall and that I'm sure there are gentlemen out there that will like that kind of thing, just not me. I think I may have made my disappointment a bit obvious because her attitude was stand-offish from the get-go and she seemed in a rush to make me cum and get out of there. Despite these points though she allows OWO and her skills are actually very good. Her pussy is also neat and well groomed. I can't really say much else in terms of positives because I just didn't find her attractive and her attitude towards me kind of soured the whole experience for me.
