### The Premises:

Nice flat slightly bigger than the average one you visit. Had a classy feel too nice place.

### The Lady:

Carol was tall in her heels and had a very classy feel about her. the way she carried her self the way she dressed the way she talked she could have been the wife of one of those Russian oligarchs! I am not one of those guys that takes their escorts out for meals or away on trips or anything like that but I would imagine that if i was she would be a great choice for some posh do as she would fit in well.

### The Story:

We chatted for a bit, her English was good, and made small talk and drank some wine. She was dressed very well if slightly scantily and my eyes were wandering everywhere. She had a large chest without being massive, she was the right height for a woman, she was slim without being emaciated and she had a beautiful face with large luscious lips.

I thought all my Sundays had come at once! before long she slipped her hand into mine and moved it over her pussy. I didn't need telling twice but I was also mindful that occasionally I get a little carried away and waste quite a bit of my hour. So I took my time and we kissed and let our hands wander for a while before slowly getting undressed (she did that really sexy thing of sucking me through my underwear before slipping them off).

she gave me two blow jobs once on her knees as she slipped off my boxers and once on the bed both were amazing, both when I looked down at her sucking my cock made me amazed a girl like that was doing it to me, I forget I pay sometimes!

the sex was something else, the way she works her arse both when she is sat on you and when you are behind her is something to behold. I dont like a huge arse and this is the smoothest arse i think i have ever seen and the perfect size. unbelievably amazing arse!

This girl is one of the sexiest i have met and i will defo go back which i rarely do!
