### The Premises:

Old but reasonable house with discrete entry and plenty of free parking

### The Lady:

Good figure and face. Chatty and happy. Generally as per her photos

### The Story:

Bacterial hand wipe and mouthwash done and paperwork settled, I discovered she no longer does CIM. A shame as this was one of the reasons for choosing her. Anyway BJ without and she decided when to stop and slip on a condom (I would have liked a bit more BJ!) A little cowgirl and she declared that I was too long and she had a stomach pain from my thrusting and could not continue. We swapped to missionary for a few strokes before the pained expression came across her face, and she declared that she had tried but could not continue. She finished me off with a wank. Not satisfactory. Was the stomach pain real or a good ploy to get out of sex? Who knows? Gentlemen, beware!
