### The Story:

I was Elise' last appointment of the day, but OMG she has so much energy. She came in to the room and we snogged like long lost overs. She really is a great kisser. I then explained that I wanted to be good today and experience one of her ego massage massages. She was find with that and got once she had got me out of my clothes started to give me a great naughty massage. After a few mins I asked if I could give her a massage, she said yes so I sat astride this babe oiling her up whilst she teased me.

I could resit any more so I slipped on a condom and slid my dick deep inside, just once, and continued to massage her. This is where my will power gave way, I started fucking her is missionary, all the time snogging her. What followed was a great hour long oily fuck in all positions combined with lots of superb oral. I had good control today and fucked this babe hard for the full hour until blowing my load down her throat with seconds to spare. A fantastic experience and one of my all time be best fucks.

Pity she doesn't overnight!
