The Premises:

No complaints about Daisy's place - it was fine and clean.

The Lady:

Daisy is a saucy looking lady from Eastern Europe. She looked the part in the photos for sure and I was looking forward to the action.

The Story:

Daisy certainly looked the part on the agency website: a sexy bird with a tasty body and a decent face. When I saw her in the flesh I got the feeling that she wasn't quite as hot as I expected.

The actual session was a bit average and not what I wanted from our time together. We began with some DFK and while Daisy had a nice enough personality I didn't feel that her heart was in it at all. I can usually spot this in French kissing which was a bit lacklustre and did not get me hard enough at all.

We then stripped as I anticipated a more exciting nude massage on the bed. I think it is fair to say that Daisy is ok in this department without being anything special. She certainly rubbed me in all the right places yet something was missing.

So we moved on to the sex itself and I was really hoping that the evening would get going by this point as things were a bit pedestrian and uninspired. I decided to opt for some old fashioned missionary style intercourse. Again it was perfectly average. I tried to up the pace a bit but she did not really make much noise or give much indication of pleasure. So I decided to finish off in the doggy position as this rarely fails to work with me. This at least hardened me up a bit as I slapped up against her ass. It was long before I came and blew all over her ass.
