The Premises:

Didi's place was great. A nice warm atmosphere and good clean facilities. I was very satisfied and I had no problem getting parked either.

The Lady:

Didi is a really hot girl – as soon as I saw her on the website, I knew that I had to have her. She is really good looking with lovely big round tits and a fantastic body. She has nice straight hair and a great smile too.

The Story:

Didi gave me some DFK to get things going, using her tongue carefully round my lips and tongue to stimulate all the right nerve endings and get me going. This was followed by a nude massage – she rubbed me all over the body and relaxed me so well after a terrible day at the office it was just the right sensual tonic that I needed.

After this we got ourselves into the 69 position. Her pussy tasted so good and I worked that clitoris so well that she was instantly moaning from the pleasure. At the same time, she worked my knob like a pro, wanking and licking my balls and cock at a frantic rate. Things were getting really wild and steamy.

I wanted to try some extreme positions that I've been into recently, so we did the so-called Butter Churner and Didi lay on her back and curled into a ball. I then sat on top and rammed my cock into her. Whilst not the most comfortable position in the whole world it is extremely pleasurable for both parties and she made a lot of noise with every thrust. I then got her into the doggy style position and gently pulled her hair as I fucked that tight pussy for all I was worth. My cock just began to seize up and I blew my load all over her face. Didi comes highly recommended.
