The Lady:

Evie's Agency pictures are accurate and give a good representation of her tall, smooth, lithe body. Facially she is very attractive, a smidgen of Emma Watson topped with thick, long black hair. She has quite a deep voice, with an erotic edge of posh - any oldies out there might recall Fenella Fielding, and Evie's voice is not dissimilar. The details on the agency website provide all the other information needed.

The Story:

My second visit to see Evie. She has a limited availability, and I am only in London a few times a year, so it's been a year since our last meeting. Evie is worth the wait, however. She has a dry wit and an intellectual curiosity about life, so we spent some time at the beginning of our meeting catching up on things, enjoying a good chortle and simultaneously dissecting society.

Eventually I headed for the shower and then we proceeded to part two of the evening. I helped Evie out of her dress, and then eased her out of her black briefs. She lay back on the bed and there followed a lengthy session DATY which Evie seemed to enjoy. Evie remembered my sexual needs from our last visit and now responded to my suggestions very naturally. I asked her to kneel on the bed in front of the wall mirrors as I moved behind her, and she posed for me while I caressed her and she caressed herself as I became more aroused. Finally, I came rather voluminously on her lower back and smooth behind.

There was not so much time left, but after cleaning up Evie was happy to lie on the bed with me for a while and we chatted some more before dressing. Evie combines a genuine interest in you as a person with a willingness to respond to you sexually and to also explore her own sexuality, creating a genuine intimacy. Taken together with the fact she is both a real sweetie and a bright button, you can be sure that, schedules willing, I'll see Evie again soon.
