### The Premises:

A house in Fenny Stratford, south of Milton Keynes. Very discreet with the entrance at the back down a path.

### The Lady:

A small attractive British girl with blonde hair and extensions. Small boobs.

### The Story:

I arrived about 3 minutes early. The very nice friendly maid asked if I had an appointment. I said "yes" and gave her the details.

She showed me into a room on the ground floor, asked if I wanted a drink, and quickly returned with the water that I had requested, then said that the girl will come in shortly. Excellent start.

Kayley came in just over 10 minutes late. She apologised and said that she wanted to get herself freshened up for me. Still o.k.

She got onto the bed with legs open, but dressed, although bare feet. I couldn't get onto the bed beside her as her legs were in the way. I knelt between her legs and leant forward for some kissing and accidentally put a hand on her hair extensions (sorry!)

Then she got ready for oral without on me, but asked me to have a shower mid-session! I always wash before leaving home, so think this could have been time wasting. This has never happened before - I'm sure she could have used a wipe like other girls or used a condom. (I did not ask for oral without).

When I returned she was on the bed - still dressed, with legs open again. I gently moved her leg/encouraged her to move it so that I could lie on the bed beside her. There was some more kissing, but she was obviously not enjoying it. She asked me to kiss properly, but I am not sure what she meant. Then she refused to kiss anymore. (I thought she meant more passionately, but apparently not.)

She said that there were only 10 minutes left. At this point I said that she was over 10 minutes late

starting - she immediately denied it-saying that she was only 3 minutes late and threatened to get the maid for that! I am always honest and would never try to cheat on time.

She showed no sign of removing her clothes, so I had to ask her to undress!

She did, and I asked to lick her pussy. She agreed to this and lied back on the bed for me. A slow start, then her pleasure really began to build up. She began to moan, and gripped my body and put her hands on the sides of my face. She was obviously really loving this ( my speciality !) and she kept saying "don't stop!" again and again. I am sure that I made her cum and she seemed to be in ecstasy for some time.

A little more oral on me, then I suggested that she put a condom on, but no, she said that time was up even though there was still some time left because of the late start ! I found this particularly disappointing, really quite cruel, as I had just given HER such pleasure.

I was not particularly aroused after the shower interruption, but would really have loved oral or even hand relief to finish.

In the end I was only out of the door about 3 or 4 minutes early - normally perfectly acceptable, but I regret that I must give Kayley a " no " rating, because of a combination of the events during the appointment and particularly at the end.

She was friendly and very chatty at the end.

I have seen many girls within the group and usually had a very good experience. and will continue to do so, but I will not see Kayley again.
