The Story:

Well we met a couple of weeks ago, that was great. We had chatted for a long time on cam and she was very submissive. We arranged to meet in a local bar in central London, that time was very good. I had her on her knees deep throating me before I span her around. Slipped a Johnny on and went straight up her arse, she took it extremely well as I pounded her. I finished off making her taste her ass and coming over her face.

This time though we did the same thing, met up had some drinks for an hour or so exchanged paperwork and I went down and she ran off. :(
