The Premises:

The place was pretty run down.Old council/Scottish Homes houses that are getting refurbished.Plenty parking.Landing was dirty.Basic showers.

The Lady:

Was the same girl but good god she looked like she had not slept in 20 hours or so.No make up on.Had her night clothes on.

The Story:

Where do I begin.I am glad I only spent £60 on this awful experience.Her adult work page says she does lots of things.She hardly does any of them so that is a lie.Does she even read her own page or is someone else putting it there?She seemed totally uninterested in me,totally unfriendly but maybe she is being pushed by others to do the hours and it maybe nothing personal because I was perfectly charming.We barely had sex and she seemed like she was going to fall asleep in the middle which is a new experience.There are some Eastern European girls who are friendly but these girls need to learn to be friendly towards a punter/customer.There was hardly any talk,I had to keep the conversation going.There are too many of these situations going on these days.Bring back the massage parlours in Glasgow when you met the girl who was usually friendly and you knew exactly what was going on.You never know what is going on when you enter and who is sitting in the next room.A lot of these girls from this Adult work website should just leave as they are awful.They are just there to grab what money they can.They seem not to care about giving a guy an awful experience.My heartfelt advice to guys nowadays is save your money or go to a massage parlour in another city or have a wank at home,I am telling you.Unless you are absolutely sure you know what sort of experience and person you are going to meet then leave it.I am sure punters themselves will stop going in numbers to these girls and they will leave.It is like the dark ages.As I say I think there are some lovely girls out there but they are in a small percentage sadly these days.
