The Premises:

Stylish ground floor apartment with ample parking nearby. A comfortable bed and sofa and a conveniently placed mirror.

The Lady:

Jess is a slender approximately 5'8 young lady with a perfect figure and exceptionally beautiful face. Being only 20 her hips haven't filled out yet, but her perfect breasts and bum have.

I told her that I've seen women like her on the internet but never expected see a lady this attractive in person. Honestly lads you would enjoy her picture for a while before scrolling on.

The Story:

Jess started off by giving me a nice back massage while we chatted, and although I prefer oils she knew how to work with the baby lotion. She then wiped the excess off before asking what I wished to do next.

I asked her to lay back so that I could caress her body, which I did for at least five minutes before I started kissing her body and working my way down her torso. I started to give her oral and noticed while I was down there how perfect her vagina was. I must have spent at least twenty minutes down there before Jess noticed that we didn't have long left.

Jess started with oral but my fella wasn't to be stirred, which was in no way a reflection on her technique, as sometimes he just doesn't want to play. I asked Jess to lay back so I could just play with her body which I can assure you is more than worth the money for a full punt.

Will I see her again? Most certainly, my little fella may not have been up for it this time, but it hasn't stopped me smiling when I think back to what I have just experienced.
