The Premises:

GFE well described before so no need

The Lady:

absolutely stunning

a very very pretty face and an all natural curvy chassis with magnificent natural breasts

when I say curvy I don't mean stocky I just mean unbelievable

her bottom half, shoulders and back are slender but when you look at how top heavy she is you wonder how she doesn't topple over

The Story:

i arrived in bury at bit earlier than planned and as i knew that Mr N. Stockings Esq. was round the corner at La Maison and going to be giving Isobel a good seeing to for a least an hour and time was short I decided to pop around the corner to GFE

what an excellent decision it turned out to be

the door was open well before 11 am so I strolled in and Rio and Alisha were ready to go so after being introduced to both I chose the latter

seriously guys she is smoking hot - no I mean it - she is soooooo fit and has a beautiful smile as she was introduced - I don't think she needs a trip to the dentist for veneers with those pearly whites her skimpy outfit looked great and those large breasts were struggling out of the top - would not like to be her if she was running for a bus in that get up- it would cause numerous road traffic accidents a shower in the room whilst Alisha got ready but didn't have to wait very long before she started with a little back massage - just right for a sunday morning

"what do you really like " she enquired in her softly spoken manc accent - much posher than I was expecting from a born and bred manunian

I asked what was available and she replied "pretty much everything" - so I said lets see how it goes she asked if I would like her to keep the black basque on or to take everything off and I chose the latter - she struggled to get out of the basque coz it was new but soon she was as naked - what an incredible body :o

MY GOD !!! when she released those baps - which are natural by the way" I couldn't believe it so she stuck them in my face and then started to with DFK before moving down for some excellent OWO

at my request she placed the condom on and climbed aboard for an energetic ride- it was fantastic watching those boobs flying about and all the time Alesha was smiling and looking me straight in the eye

i was then asked if i would like to try doggy which was great but as is my need i soon asked about anal

"no problem" she replied but unfortunately as hard as we tried we were unable to fulfil my desire in her derriere -not for want of her trying it must be said

so we finished off with another bout of OWO and then CIM which she discreetly spat into a tissue after wandering around the room trying to find a tissue - very funny that bit as she was trying to talk at the same time

so a great start to Sunday - honestly lads she is very very pretty , a body built for sin and has a great attitude and personality

she should really be a high end escort rather than a parlour girl in my opinion

whoever is saying that there is a lack of quality out there is bonkers and I would advise everyone to go and see this diamond

cheers Alesha ;D

PS thanks to Nylon for recommending and she does remember you
