The Premises:

Usual Annabella's flat by the station, fit for purpose and discrete. Lots of parking, free after 6pm - can be difficult to find a space during the working day due to proximity to MK Central.

The Lady:

Pretty,cute,young EE lady, believably early 20's, long slender legs and a very squeezable bum. As per her pix, a couple of tattoos that do not detract from her beauty. Very sweet face.

The Story:

Even though I was her last appointment of the day, Belle was enthusiastic and bubbly from the start. Lots of kissing, though lips only rather than FK (but generous lips rather than sealed closed). Her bra and panties (purple set from her website pix) were soon off as were my clothes. We moved to the floor-standing mirror so that I could watch her squat down and take me in her mouth.

We moved to the bed where Belle continued oral on me, till we moved to 69. After a while, she asked if I wanted a condom or to carry on with what we were doing... Silly question... With a combination of her hand and mouth, Belle brought me to orgasm, not quite CIM but it still felt wonderful.

I very much enjoyed my time with Belle, a genuinely nice (this is not damning with faint praise - nice is under-rated and rare nowadays) young lady.
