Discrete modern apartment in the Hub, which Helen has had long enough to make it feel personal. Lots of nearby parking, some free, some 50p an hour until 6pm

The Lady:

Tall, slender and perfectly proportioned. Particularly wonderful legs- stockings were invented for them! Lovely face and hair.

The Story:

Whilst I normally book Helen a week ahead (love the anticipation, and indeed she's a popular lady who books up fast), I was lucky enough to get a same day appointment as I'd woken up feeling 'that' need...

Whilst I'm always a fan of her GFE, I fancied something a little different and asked for a tie and tease session... What a good move this turned out to be.

Helen looked amazing in the definitive black lingerie, bra, panties and of course stockings and suspenders, plus killer heels - this lady knows how to dress to impress, and today she was the seriously glamorous femme fatale straight out of film noir.

We started as always with lots of wonderful snogging (not 'fk' or 'dfk', but serious full on real world passionate two way snogging, no other word for it), Helen pressing herself into me whilst her bra disappeared to allow me access to her cuppable, suckable breasts.

Moving to the bed, Helen was like a magician, restraints around my wrists before I knew it and then the teasing began... Moving just out of my reach, she bent forward and slowly pulled her panties down, first exposing her bum and then her tight little pussy. It's been years since I was so erect...

Straddling over my thighs, Helen then blindfolded me and there was the sound of buzzing... She knows me well enough to tease rather than penetrate, whilst another vibe ran up and down my erection. After a while the blindfold was removed so that I could watch the things that were being done to me... And now the TandT morphed into a PSE, watching Helen's hand and mouth around

my cock, her spitting on it and alternating between sucking and rubbing me, with such a wanton look in her eyes. The teasing continued, by varying the pressure on me, Helen brought me to the edge several times before finally allowing me an explosive fountain-like orgasm.

It took me a while to recover from that, and as always after cleaning me up, Helen cuddled into me whilst we put the world to rights, no clock watching or hurrying me out.

Once again, I left Helen's apartment with a smile on my face and a spring in my step.
