### The Premises:

Well-known place in South Kensington. The flat on one of the top floors is not the best within the building however, with a slightly dated and tired feel to it. However, the room is comfortable enough with a functional shower facility.

### The Lady:

There were some big differences between the images on the website and the reality. Age-wise, I would put Anabelle at late 20's, brown eyes rather than blue as described, and facially quite different to the photos. She also has a tattoo on her upper left leg/hip which does not appear in the images - although I like tattoos so no bother for me.

With all that said, she is still very pretty, with her big brown eyes a particularly striking feature. She also has a great figure, slim but very well proportioned.

### The Story:

Anabelle's biggest attribute is that she instantly puts you at ease. Very friendly and easy-going, she clearly knows what she is doing and is very skilled at avoiding any awkwardness that you get with some girls doing this job. She seemed very interested in me and was good with the break-the-ice chat before offering me a shower and a drink. After sorting all that out, she helped me relax after a stressful week with a great back massage before moving on to oral (covered). She was good at this but nothing hugely out of the ordinary.

Then she got on top for a spot of cowgirl which with hindsight was probably her best position, but we followed with doggy and missionary until that was that for me! She was responsive and encouraging without being over-the-top. The only negative was her insistence of keeping her hands in the way a bit which kind of limited the view and the action which was a bit of a shame.

In all honesty, I probably won't return, but still, she is a good girl and worth a visit.
