The Premises:

Well established parlour with discreet rear entrance. Easy parking on nearby streets. The rooms have been recently refurbished , mostly to a high standard with clean well functioning showers. The room I had this time was not quite as nice as the other two, seemed still to be something of a work in progress

The Lady:

Blonde, quite pretty, early-mid twenties. Nice natural boobs. Body not as toned as she appears in website photos.

The Story:

Candy entered the room whilst I was still in the shower, she was wearing tasteful black lingerie and stockings. As I towelled off I told her that I liked GFE with plenty of kissing, stroking, licking and gentle fingering. I had chosen Candy as her profile indicated that she offered GFE, DFK, RO and vaginal fingering. She said that was fine, but no fingers inside which was slightly disappointing. She asked if I wanted a massage or to get straight down to business. I said I'd prefer to start with a snog. She agreed but with little enthusiasm and before long was making it obvious she did not really want my tongue in her mouth. I suggested we moved to the bed where I played with her nipples and rubbed her pussy through her panties. I then asked her to slip her panties off and went down on her. After a couple of minutes I asked her to move to the side of the bed so I could kneel on the floor and give her pussy some more attention. She seemed quite keen to start giving me oral, but agreed and after a couple more minutes licking I started gently rubbing her clit. Candy then said time was getting on and I should let her go down on me. Oral was Ok , but like the rest of the service was done without any great enthusiasm. I then asked if we could switch to 69 to which her response was to ask if I didn't want sex. After I said I'm sure there was still plenty of time and she confirmed there was still 16 minutes. She then straddled me so I could bury my face in her pussy whilst she gave my cock a little attention with her mouth and hands. It was by now clear that this was not be going to be a memorable punt, Candy was clearly keen to get things over with and I was beginning to think the same. I asked her to put on the rubber and we had sex in doggy and then with her on top. However by then the poor vibe was getting to me and I was starting to lose my hard on. I pulled out and asked her to finish me off by hand.

Afterwards Candy asked if I wanted a shower. I said I'd give my cock a quick rinse, to which she replied OK but be quick as the next client was "due in four minutes". I was slightly annoyed by now so had the shower and dressed in no great hurry. On leaving the room I checked my watch 15:55, still 5 minutes till the end of my session !

Not a great punt
