The Story:

First time with Poppy on her own. Once had a two girl session with her and a colleague at ego - stunning. Had more control over my day and was able to book Poppy a day ahead. She remembered me - she was even more stunning than ever. Great back and legs massage but she had my cock hard very early as her fingers glided towards my ass, balls and cock. I moaned like a dog as her teasing made my cock rock hard. As she moved around the massage table, her thighs and tummy glided across my skin, it was a thrill thinking about her pussy so close to me. Body to body on my back nearly made me cum as her tits and pussy pushed onto me. When I turned over, it was like pure fantasy and she straddled me while massaging my front. Her attention to my cock was brilliant, flooding me with oil and pushing her pussy against my balls. Poppy brought me to the most amazing climax. She even managed to clean me up in the most erotic way.

I told her I would write a review - hope she likes it
