The Premises:

My central London hotel, so fine. I wanted an early morning meet and agency boss Pat, as usual, came up trumps. He assured me I'd love Susie despite her having no profile or pics on the 00-44 site. But he did email me a pic and I was hooked.

The Lady:

Very attractive and intelligent, tall, slim brunette, mid-20s, with lovely long legs and a great personality. Says she loves sex and it shows. I asked for her to arrive in skirt and stockings and she loved travelling on the tube in the morning rush hour dressed sexily in mini-skirt and stockings under cover of a very sensible and respectable coat, thinking that everyone else was commuting to a boring office while she was heading for sex.

The Story:

What a star. Part of Susie's degree was in drama and she certainly put that to work in her performance in the bedroom. We had a role play scenario that she threw herself into wholeheartedly and which we both loved. And we've already agreed the theme for our next meeting, which I fear will not be before Christmas as I won't be in London again till next year.

If you want a good looking, intelligent lady who you can have a good conversation and great fun with as well as great sex, she's for you. Tremendous oral technique too and her energy levels are unbelievable – she rode me so hard for my second cum that she must have lost a few kilos and needed a shower afterwards.

She's only been escorting for a few weeks and says she will only do it for a year or so. So get in quickly and treat her like royalty. She's a star.
