The Premises:

She is now independent and has a new location which I haven't yet been to(Kings Cross), but when I visited her, she worked for the london retreat in Earls court

The Lady:

Very pretty. Possibly the best looking woman on the planet. Slim, average height, striking blue eyes, brunette, looks early to mid-twenties. Size five feet that are a foot fetishist's dream cum true. Photos are exact.

The Story:

Firstly, she is now advertised as an independent mistress, but when I visited her when she worked at the London retreat, she included full personal services as part of the session. This was the first time I had seen Cassie, but she is by-far one of my favorites. She is without doubt one of the most beautiful women I have ever seen. Her piercing blue eyes and lovely teeth left me weak at the knees, as well as her perfect body and amazing Dominatrix skills. Even though she is probably in her early twenties, she handled the role better than most mistresses who are much older than herself. She is playful and sexy with it too, which goes a long way with me. I asked for some foot fetish domination and for her to kick me in the balls, as part of the session, and she executed it to perfection, whilst verbally taunting and teasing me throughout. Her pretty little size-5 feet are perfect for any foot fetish fan. I also urge that anyone with a ball-busting fetish to visit her at least once. Cassie is one of the best I have ever had in Dominatrix session, which came to a very enjoyable conclusion as a result of her perfectly small, beautiful and highly skilled feet. 10 out of 10.
