As per website, and twitter @sensualizejulie and well turned out in white therapist coat, lingerie and white fishnet holdups.

The Story:

Friendly welcome then stripped and lay on massage table. Warm oil applied and good massage stated with lots of erotic and dirty talk about what I liked to do and what Julie had done. This just add to my almost instant hard-on. Plenty of attention to my ass, balls and while I was lying on my front. As she moved around the table, she told me to check to see if she had any panties on. As she has faced my head, guess what I found her naked shaved pussy. Then she introns to her her perfect tits - pinky and perky - they demanded some sucking.

All. It was time to turnover - she suggested I put on a blindfold - I did this enhanced the sensualized experience. She told me to hold out my left hand and poured oil on it and told me to rub that into her pussy as she liked my cock. Then after a while she mounted the table for some body to body and an oily tit wank. Then the most amazing teasing of my cock with her pussy. Then more hand relief and some excellent oral until I explored. After I came, Julie cleaned me up with a warm,fluffy sensualized black towel and chatted while I recovered. Super time, she has a great presence on twitter and writes some great blogs on her site.
