The Premises:

Generic flat in Milton Keynes, easy to find and park.

The Lady:

Brazilian with very good English. Much curvier than expected / appears in the photos, especially in the legs. Best guess is that she is mid or even late 20s - not 21 as written in the description. Also the description of her as "***NEW*** Seeing is believing! Truly stunning and new to the business!" is not accurate in my opinion and based on what she shared.

The Story:

Pretty vanilla session, but the disappointment of the mismatch between expectations vs. reality probably showed on my face and she didn't make too much of an effort. Booked an hour but popped pretty quickly and got out of there in 20 min.
