The Premises:

Anonymous and unremarkable flat in a quiet street near Marble Arch. Be persistent with the bell.

The Lady:

Tall (5'10"), beautiful Eastern European lady, apparently in her early 20s. Particularly fabulous legs and a lovely collarbone, if I may say so. Photos barely do her justice.

The Story:

Admiral receptionists have a reputation for efficiency and they lived up to it.

My first punt for some years and so I carefully selected a girl who was highly reviewed, at least on the agency website. She answered the door in a delightful short dress, which suited her (and me!) perfectly. There followed just what you'd hope for: kissing, OWO, great sex, pleasant conversation. I'm not sure we quite clicked, which I attribute to some minor deficiency in my character, but a happy experience nonetheless. Highly recommended.
