The Premises:

Small flat, walking distant from tube and bus roads.

The Lady:

Looks very different from pictures. Elena is probably in her 30s and much fuller around the hips and thighs than the pictures suggest. I am not even sure it is the same person as on the pictures, I guess it could be.

The Story:

Because of the big difference in appearance to what I expected, my heart was not really into the booking.

She did kissing and some brief OWO before I went for breast relief to finish.

I think I am going to be more skeptical of pictures from now on.
