The Premises:

The girl's place is very close to Sloane square train station about a 5-minute walk from the station the place is very was very tidy and clean with a nice big bathroom and a king size bed very comfortable overall.

The Lady:

Nathalia is a very nice Brazilian girl she is about 1:65 high and has got very nice curves very sturdy and round ass and average tits but very sturdy as well, she's got a very nice smile and a very sexy accent and she is young as well if I'm not mistaken she is around 25 years old.

The Story:

I went to Nathalia house around 20:30 in the evening she met me at the Sloane Square tube station and we had a 5-minute walk to her place, when we got to her place she showed me around the house she had a very nice and big bedroom with a bathroom for a shower and she offered a tower and asked if I wanted to have a shower with her, I accepted her offer and went off to the shower with her i went in first and she joined me about 5 minutes later we had a nice make out over the hot water and as things got a little hotter she started to blow me off after that we went to the bedroom and thats when things got really intense at first I went on top of her and she felt amazing very tight and that braziliam accent just turned me on, even more when she was moaning, later she decided to take the lead and went on top and what a amazing experience! I really mean it that girl has such incredible riding skills that it almost made me cum then later went to doggy style and I really got to say what an incredible ass that girl has I couldn't have expected anything less from a Brazilian girl after a nice 40 minutes fuck she asked me to do it on her face and she took it really well with a very nice and naughty looking face after that we went on for a couple more rounds and all of them were just amazing as the first one overall it was one of the best escort experiences I had in a couple of years.
