The Premises:

I've described Hush previously. Discreet location, plenty of on-street parking, the rooms and facilities are excellent and everyone there seems really friendly and easy to get along with.

The Lady:

WOW, sorry, that's not very descriptive is it. Let me try again, WOW! Pixie is beautiful, both physically and mentally. Honestly, words can't do her justice. Just look at her profile picture and you'll see the physical beauty, that has to be the most seductive profile pic I've ever seen. She's exactly the kind of person I'd like in my social circle as a friend - even better than that she was naked and knew exactly how to use that gorgeous body.

The Story:

I arrived on time and was shown to the same room as I'd used on my only other visit. The lights were dimmed, the candles lit and the music played - very relaxing. I must have kept Pixie chatting for about 10 minutes before I was naked and on the table, she really is that great to talk to. Anyway, I'd already explained that I hadn't reached the anticipated conclusion during my previous visit with Saskia and asked if she'd bear that in mind when organising our time together. I don't want to go into explicit detail but she was marvellous. I can't sing her praises highly enough, the things she did with her body (and mine), man I still think about her in my sleep nearly a week later!

As it turns out, I didn't achieve the desired result this time either - definitely not Pixie's fault, she was amazing. Hmm, I can do it myself, so there's nothing physically wrong and I fancied the pants off Pixie, so it's not a lack of desire. I guess I'll just have to work my way through the other girls to see which one, if any, can make me give it up to them. The challenge is on, it's a tough job but someone's got to do it. Jenny, Taylor, Carla, Chloe, I've got my eyes set on you
