The Premises:

the flat was pretty easy to find, only walked past it once! inside was small but cosy and smelt good. Sheets were clean and seemed fresh which is the main thing for me.

The Lady:

Smallish but 5 foot 5 so not too bad. I am tall and she was fine for me. Very Russian looking face which again is good for me it's a good look and one I often go for. Body wise she was slim with good sized breasts for her frame. Only 34C which is a good size and with her slender frame they seemed a lot larger

The Story:

She was very welcoming and friendly, talkative too. but before long we were kissing and I could easily lift her up and her legs wrapped around me. Tongues used everywhere and it was very hot. I had to let her down to get her clothes off and her body was amazing (i like slimmer girls).

she was enthusiastic and eager and was all over me and almost dragged me to the bed. She then proceeded to maul me and jump on me and suck me and bounce on my cock etc. she was very athletic, very keen and a fun fun girl.

I didn't last the hour she totally wore me out, to be honest, but I had a great time and the shower was hot and the towels warm and fluffy. what more could you want :)
