The Premises:

A very modern flat in the Royal Arsenal complex, not far from the Woolwich rail & DLR stations.

The Lady:

Not the girl on the profile. The girl I saw was probably early 40s and slightly heavier with medium sized breasts. She was, however, friendly and had a sexy look.

The Story:

I was given very precise instructions on the phone from a Chinese lady. The flat was located in the same block as some Romanian girls I have seen on previous punts. I was directed to the rear exit and was greeted by a Chinese man who I presume was their minder. I walked with him to the ground floor flat and we came in via the patio doors! I can only presume other residents may have raised suspicions.

The session itself was OK, but there wasn't the advertised massage. I opted instead for a slow handjob. I don't know the reason, but Chinese girls seem to be the best for that service. I really enjoyed the stroking and teasing and I had a very satisfying climax.
