The Story:

I will start by saying this was truly the best experience I've had so far. Amelita was professional, obliging, kind and downright sexy. If I could rate her 11/10 I would. When I booked her I noticed on her profile that she charged £100 extra for photos/videos with face covered. This is something I wanted to try with one of the ladies on here at some point but wanted to save it for a special one and Amelita was the perfect fit. The filming idea really excited me as I loved the thought of having something to look back on if it was a memorable experience – which it was. I asked for this service when booking and when Amelita arrived she was more than happy to oblige with that request. She had brought a silky lacy masquerade mask with her, which actually looked quite sexy on anyway so it didn't bother me much that her face was covered. I filmed her while she was giving me a blow job and also when doing doggy. Let me tell you now, I've very much enjoyed myself when re-watching them since – almost as good as the act themselves. Knowing that is me in the videos pleasuring this sexy young girl myself is such a turn on!
