The Premises:

Clean, modern flat situated near to the Centre:MK shopping centre. Very easy to find with lots of cheap, easy parking nearby. Whilst it is on a busy street with pedestrians and cars passing the block of flats is large enough to arouse no suspicion of why you're visiting.

The Lady:

Slim and petite with small boobs but incredible sackable nipples! Looked a little older than I was expecting from her pics and other reviews, however she is still very attractive and has the body so someone half her age. She has a very squeaky voice which I thought was cute, however I can see how it may not be for everyone as it does sound a little put on.

The Story:

Having never visited an escort before I was very excited to meet Lottie as an early birthday treat to myself and boy I wasn't disappointed!

Upon arrival I was greeted and shown to a room before Lottie arrived a couple of minutes later. She wasted no time in asking me to get myself a little more comfortable and lay down on the bed as she likes to begin with a massage. I had read a little about her famous massage in her other reviews and let me tell you I have never experienced anything like it. She spent a few minutes rubbing my back and legs to get me relaxed before removing her bra and using her upper body to lay against me so that I could feel her breasts and nipples moving up and down my back. After this is when things started to ramp up a little! Lottie has a very interesting technique involving blowing cool air between you legs and up your lower back, all whilst teasingly stroking your balls and ass. After a minute or two of this she then discreetly put a condom over her tongue and proceeded to rim me whilst stroking my cock. This was my first experience of any anal play where I've been on the receiving end and I've gotta say I would recommend it to everyone! I was then asked to kneel up on all fours where I enjoyed more stroking before a finger was gently inserted. For those who may not be as adventurous or sure of this, trust me... you hardly notice a thing until all of a sudden you feel this amazing sensation.

After this foreplay I was treated to OWO which Lottie uses another technique for. She starts off with

a mouthful of hot water which adds a nice sensation and as she sucks she slowly lets it out so that you can feel it trickling between your legs adding extra lubrication for her other hand that's helping out her mouth as well.

She then smoothly moved onto the cowgirl position and whilst doing so held her breasts against my face so that I could enjoy them and play with her nipples with my tongue. After a couple of minutes of this I was then shown the amazing rear view you get with reverse cowgirl. She really does have the body of a 20 year old! We changed to missionary and finally doggy where you really get to feel how incredibly tight she is!

I was starting to get close to cumming so asked to finish with OWO. Lottie doesn't do CIM which I wasn't expecting and used her hot water trick again to bring me to possibly one of the best orgasms I've had.

All in all a fantastic hour spent with a lovely, polite woman who I would recommend to others. I would like to visit again one, however after being so happy with my first experience I am keen to see what the other girls Annabellas has on offer are like too.
